Dear Custodian:

Pursuant to the Ohio Public Records Act (ORC 149.43) and the Records Commission disposal statutes (ORC 149.38–149.39), I hereby request copies of the following public records:

1. All Lorain City Council meeting minutes and video recordings that have been removed from the City's website (including archived materials from prior to 2024).
2. Any internal memos, disposal records, correspondence with the Records Commission, RC-1/RC-3 forms, resolutions, or other documents that justify, authorize, or record the removal or disposal of those meeting minutes or video recordings.
3. Documents identifying the dates on which those minutes and videos were removed from the website, along with the rationale provided at the time of removal.

Please provide these records in their original electronic format, or in hard copy if no electronic versions are available. If any portion of the records is exempt, please redact the exempt portions and cite the specific statutory authority for the exemption, as required by ORC 149.43(B)(3).

Under ORC 149.43(B), I expect a response “promptly,” and no later than permissible under the law. You may contact me at A4xbeaverman@yahoo.com if any clarification is needed to locate the requested records. If fees are applicable, please provide a detailed estimate in advance.

Thank you for your prompt attention to this matter.

Sincerely,

Aaron Knapp

Dear Clerk Partin, Members of Council, and City Officials,

I am writing to follow up on a request submitted by citizen Garon F. Petty concerning a serious statement made by Councilwoman Mary Springowski on July 2, 2024, in which she stated:

“What I also take issue with is the fact that one of our members of council essentially aided and abetted in this attack on our council clerk.”

Citizen Petty asked that Councilwoman Springowski identify the council member referenced in this public accusation.

While I understand the Law Department and Council President deemed this request not suitable for a formal council agenda item, this does not eliminate the need for transparency, accountability, and respect toward the citizen raising concerns.

Therefore, on behalf of citizen Petty, I respectfully request:

- Clarification on the identity of the council member referenced
- The basis for the accusation
- Whether any formal investigation has taken place

Public Records Request

Pursuant to Ohio Revised Code § 149.43 (Public Records Act), I hereby request copies of the following records related to this matter:

- All emails, messages, or communications sent or received by Councilwoman Mary Springowski from June 30, 2024 through July 10, 2024, that reference:
 - Council Clerk Breanna Dull
 - Citizen Garon F. Petty
 - Any alleged “attack” or misconduct involving council members or staff
- Any video or audio recordings created or submitted by Councilwoman Springowski related to this matter during that time frame
- Any documents or records of formal or informal investigations related to this allegation

Please provide these records electronically, if possible, or inform me of the process and timeline for production.

Please confirm receipt of this email and provide an estimated timeline for a response to both the inquiry and the records request.

Thank you for your attention and cooperation.

Respectfully,
Aaron Knapp

Lorain Resident

Subject: Re: Public behavior this evening

Tony,
I couldn't agree with you more. Security was only notified after Mr. Donovan asked them to step into the chambers because he was concerned about Mr. Petty, who was CLEARLY acting in a highly agitated manner. What I also take issue with is the fact that one of our members of council essentially aided and abetted in this attack on our council clerk. Mrs. Dull is working off the same recording that the public has to listen to yet she is expected to be able to extrapolate the information into an acceptable record of the meeting, in addition to all the other duties she has. The IT department and administration have known for some time that the sound recording of the meetings is abysmal. This was just one reason I was livestreaming the meetings as my equipment seemed to have clearer sound. We need to have Mr. Comer find equipment that will allow the clerk and her deputy clerk to have clear recordings of the meeting in order to try to get the minutes out faster if it is such a matter of urgency with Ms. Spellacy. As for Mr. Petty, the city has known he is volatile at best for quite some time but refuses to address his behavior. If it were any other member of the public, I don't believe there would be the hesitation. I am asking that Mr. Petty be banned from council chambers until such a time as a sincere apology has been given publicly to Mrs. Dull and all of council. Enough is enough! My husband feels it necessary to escort me to and from the meetings and now Mrs. Dull has to be escorted from council chambers to her office?! If women at council don't feel safe, what is it going to take in order for someone to believe them? Actual physical violence? And for the record, I asked Mr. Carrion to have Mr. Petty removed.

Beko, Michele

Thank you Garon F. Petty for standing up to the fraudulent bullying of MS and those sycophants she cohorts and politics with. Her stain will taint their futures. All should be forewarned of her treacherous deceitful political conduct and behaviors. The lies and deceptions of MS are well documented in her false statements made to LEO Morris concerning 7/1/24 events and the associated emails as have documented the impossibility of her statements. She is going to be painted in trial testimony as the untruthful fabricator that she has proven herself to be. She apparently has no shame nor credibility and seeks only a lust for power and cannot be relied upon to have integrity, honesty, and respect for citizens interests and rights.

All she really cares about is her own self-interests which are irreconcilable with Truth and Justice. Appalling and troublesome. Vote her out of office and prosecute her for false statements made to LEO Morris in the orchestrated criminal prosecution of Citizen Garon F. Petty.

She even lied about Zaleski and Riley walking BD out to her office. She lied about creating a personal video on 7/1/2024.

Where is it ? Why hasn't it been produced?

Why can't she MS produce it for the special prosecutor?

Can she MS admit her false report made to a police officer?

Her illegal accusation against a fellow Councilwoman is similarly outrageous and unethical. MS should resign in disgrace and acknowledge herself to be a fraudulent liar and deceiving politician (a red headed devil) who espouses deceit and falsehoods against others. Telling the truth or asking questions should not be claimed criminal intimidation. Asking questions of public officials is not illegal and is prohibited activity under both the Ohio Constitution and the Constitution of the United States of America. See the First Amendment and study it! Who was involved with the creation, manufacture, and distribution of the fraudulent ballots in the last Lorain Mayoral election? Were they ever prosecuted for these election misrepresentations? Wasn't this criminal behavior? Who covered it up? Could this be the reason MS was such a staunch supporter and advocate of the disgraced former County Prosecutor? Lorain's dirt will not be so easily swept under the rug now. Political cover doesn't exist as it did before and a new Sheriff and a new Prosecutor control the Offices charged with Justice Administration and the Lorain Police Department has been changed and will be changing. The Oaths of Offices needs to be revisited and reviewed for self-reflection on its meaning and on political adherence to its laudable precepts and principles. MS has been weighed and measured and has, in my

opinion and the opinion of many others, been found to be wanting. Discharge her from public office ASAP. Gargasz, Robert J.

Subject: Tell AG Bondi and EPA Administrator Zeldin to Stop the EPA's Appeal of Landmark Fluoride Decision
Reply-To: team@childrenshealthdefense.org

Dear Robert,

On September 24, 2024, the U.S. District Court, Northern District of California, ruled in favor of the plaintiffs in *Food & Water Watch, et al. v. United States Environmental Protection Agency et al.* filed in 2017. U.S. District Judge Edward M. Chen wrote in his decision that “fluoridation of water at 0.7 milligrams per liter (mg/L) – the level presently

considered 'optimal' in the United States – poses an unreasonable risk of reduced IQ in children.”

However, last month, the Environmental Protection Agency (EPA) received a fourth extension in its appeal of the 2024 decision. The agency is now set to appeal the ruling on July 18. According to the Fluoride Action Network, the “EPA still can, and should, decide not to pursue an appeal and let Judge Chen’s ruling stand that fluoridation presents an unreasonable neurotoxic risk to children.”

The Fluoride Action Network reports that over 600 studies have confirmed that fluoride exposure can damage the brain:

- Over 300 animal studies show that prolonged exposure to varying levels of fluoride can damage the brain.
- 85 human studies link fluoride exposures with reduced intelligence.
- Over 60 animal studies report that mice or rats ingesting fluoride have an impaired capacity to learn and/or remember.
- 12 studies (7 human, 5 animal) link fluoride with neurobehavioral deficits.
- Three human studies link fluoride exposure with impaired fetal brain development.
- 11 mother-offspring studies link certain levels of fluoride in the urine of pregnant women to reduced IQ in their offspring.

Take Action Now!

Simply complete the action to reach Administrator Lee Zeldin.

You can also [send a message to Attorney General Pamela Bondi](#). Create your own message or use the following suggested copy:

I urge you to stop extending the appeals process in the federal court case on the neurotoxicity of fluoridation chemicals (Food and Water Watch v. EPA). There is a large volume of government funded peer-reviewed science linking fluoride exposure to brain damage, endocrine system disruption, kidney disease, and potential liver damage to children. The EPA needs to stop pursuing an appeal and abide by Judge Chen’s ruling that fluoridation presents an unreasonable neurotoxic risk to children.

As part of this lawsuit, the EPA was petitioned and asked to protect children nine years ago yet the agency has done nothing but delay the process in coordination with the special interest groups that have promoted fluoridation for decades without verifying safety. Every day, approximately 200 million Americans have fluoride intentionally added to their drinking water, including over two million pregnant women and over 300,000 exclusively formula-fed babies who are being overexposed to fluoridated water.

Please do what previous administrations have failed to do: listen to the science, protect our children, and help to restore public trust in the EPA.

Join us in speaking up to end EPA's plan to appeal Judge Chen's landmark September 2024 decision that fluoride poses an unreasonable risk to children. The EPA must address this risk.

Thank you for taking action.

I know all of you with many , many others has received the Robert Gargasz email of today.....JULY 16th he writes as a citizen but you all know he is an attorney and represents Petty against the City of Lorain. Well he once again has crossed the line with this citizen.

I will state up front the Mary Springowski is my long time friend , before politics, I know her worth and I know Bob Gargaz personally as well and I know his issues.

WHY IS THIS ALLOWED TO HAPPEN THIS IS MORE THAN A PERSONAL ATTACK THIS IS A PROFESSIONAL ATTACK USING THE INTERNET AND EMAIL TO UNDERMINE WITNESS TESTIMONY IN A TRIAL THAT HE REPRESENTS GARON PETTY.

I cannot understand since he is Garon Petty's attorney how he is, in my opinion, along with his client as I have reached our to the city and former prosecutor many times allowed by the legal eagles and Bar Association and fellow attorneys to continue to "try" and intimidate and insult Mrs Springowki (I have those emails) and screen shots.

I am NOT an attorney don't even pretend to know anything about legalese. But it seems to me there is something wrong when a Member of the Bar can send out emails week after week making disparaging and remarks about a witness that I know to be totally squewed in the recordings of such vitriolic rants .

Most of you are attorneys how is this possible that Mrs. Springowsky is pillared on social media by Petty and his attorney (and Knapp) for months and years now.) Law Dept has those records if not I have them !

Why is this allowed by the legal profession or is this the way forward.

Why is our law and judiciary allowing this legal bullying of a witness.
When does bullying ,aspersions and denigrating a witness become free speech..

Because that is the way I see it. People in this city have turned a blind eye to many things , inspections , lack of enforcement, lack of proper documentation re St. Joes and since there were no checks and balances from what I have documented we have a multi million dollar toxic eyesore, and now the Style center of today's article in the Chronicle Telegram (that I have tracked since 2013 its issues) The wheeling and dealing in this city is becoming very transparent of late . .But they are just buildings..... this man is playing judge and jury and attorney out of court and trying to destroy Mrs. Springowski credibility as a witness . Otherwise what is his agenda????

Why is this allowed to continue . **Tell me who to contact and I will enough is enough people need to step up .This is not acceptable**

Tony,
 I couldn't agree with you more. Security was only notified after Mr. Donovan asked them to step into the chambers because he was concerned about Mr. Petty, who was CLEARLY acting in a highly agitated manner. What I also take issue with is the fact that one of our members of council essentially aided and abetted in this attack on our council clerk. Mrs. Dull is working off the same recording that the public has to listen to yet she is expected to be able to extrapolate the information into an acceptable record of the meeting, in addition to all the other duties she has. The IT department and administration have known for some time that the sound recording of the meetings is abysmal. This was just one reason I was livestreaming the meetings as my equipment seemed to have clearer sound. We need to have Mr. Comer find equipment that will allow the clerk and her deputy clerk to have clear recordings of the meeting in order to try to get the minutes out faster if it is such a matter of urgency with Ms. Spellacy. As for Mr. Petty, the city has known he is volatile at best for quite some time but refuses to address his behavior. If it were any other member of the public, I don't believe there would be the hesitation. I am asking that Mr. Petty be banned from council chambers until such a time as a sincere apology has been given publicly to Mrs. Dull and all of council. Enough is enough! My husband feels it necessary to escort me to and from the meetings and now Mrs. Dull has to be escorted from council chambers to her office?! If women at council don't feel safe, what is it going to take in order for someone to believe them? Actual physical violence? And for the record, I asked Mr. Carrion to have Mr. Petty removed.

How can you tolerate criminally slanderous and preposterous comments of a Council member accusing another Council member of conspiring to commit illegality against the Clerk of Council???

These false accusations made by MS are real. It's right there recorded in your Official Record and minutes.

She has also made false police reports, refused to produced her self proclaimed video to a special prosector and has impugned the integrity of this City Council in violating the Rules of Decorum, and has been engaging in slander and defamation from both inside and outside the well of council chambers. MS doesn't follow Council Rules, her Oath of Office, nor law in violating Civil Rights of citizens.

She has made disclosures of safety forces protected personal information and has been investigated for fraudulent fake ballots distribution, though she denies involvement, questions abound over her possession of the criminally fake ballots and her attempted distribution.

Can't this Council recall be false statements against Mayor Bradley and his demand for retraction? She stubbornly refuses to retract, WHY?

She apparently has no shame. Yet you pay tens of thousands of dollars to insulate her from liability? Why?

Worse, all of you sit silently around and let her function with impunity, Why?

Should she be rebuked?

Those that sit silent when they should speak are as guilty as the offender.

It is time to come clean on that which blackmails your souls into silence.

Are you independent? Or are you but a pawn and a tool of some devil god of political party and correctness?

Are you Woke?

Your conduct is that of spineless jellyfish, fearful of your shadow, and incapable of true leadership.

Censoring MS and her sycophants would show some spine and courage.

Dear Clerk Partin, Members of Council, and City Officials,

I am writing to follow up on a request submitted by citizen Garon F. Petty concerning a serious statement made by Councilwoman Mary Springowski on July 2, 2024, in which she stated:

“What I also take issue with is the fact that one of our members of council essentially aided and abetted in this attack on our council clerk.”

Citizen Petty asked that Councilwoman Springowski identify the council member referenced in this public accusation.

While I understand the Law Department and Council President deemed this request not suitable for a formal council agenda item, this does not eliminate the need for transparency, accountability, and respect toward the citizen raising concerns.

Therefore, on behalf of citizen Petty, I respectfully request:

- Clarification on the identity of the council member referenced
- The basis for the accusation
- Whether any formal investigation has taken place

Public Records Request

Pursuant to Ohio Revised Code § 149.43 (Public Records Act), I hereby request copies of the following records related to this matter:

- All emails, messages, or communications sent or received by Councilwoman Mary Springowski from June 30, 2024 through July 10, 2024, that reference:
 - Council Clerk Breanna Dull
 - Citizen Garon F. Petty
 - Any alleged “attack” or misconduct involving council members or staff
- Any video or audio recordings created or submitted by Councilwoman Springowski related to this matter during that time frame
- Any documents or records of formal or informal investigations related to this allegation

Please provide these records electronically, if possible, or inform me of the process and timeline for production.

Please confirm receipt of this email and provide an estimated timeline for a response to both the inquiry and the records request.

Thank you for your attention and cooperation.

Respectfully,
Aaron Knapp

Then perhaps Council President Arredondo can provide his email from Chief McCann he claims to have gotten in regards to Breanna Dull's interview with Lt Morris (page 17 of his police statement) on July 2, 2024? Per 149.43 To my Attorney Robert Gargas today?

Good afternoon Mr. Petty,

In response to your request below:

Per our Law Department, the request is not a proper council agenda item. Council President Joel Arredondo concurs with their decision in this matter.
