Dear Chief McCann,

As I have made you aware I am very concerned as to the seemingly escalating rhetoric by Mr. Petty with regard to Mrs. Springowski. His latest tirade on the forums re the data breach is very worrying to me. As you are aware I was very involved with the data breach situation and have taken insults and innuendo galore. I wrote a 23 page report on the whole situation. People have only a limited amount of information and half truths and sound bites are being bandied about at the cost of reputations of perfectly innocent people. .

Having been on the forums this morning trying to clarify what really happened. I understand that not only did Mr. Petty reach out to the Mayor, Law Director etc but to you with regard to Mrs. Springowski and his conclusions of criminal intent. This was fueled, **IN MY OPINION by a chastising statement made by Mayor Bradley with regard to Mrs. Springowski, the IRS etc. Should you require a copy of that exchange I have the minutes and also the information being put out on the forum. the City council meeting November 2022. My concern is for the welfare of my friend.**

Therefore, please find a public records request to your Dept. with regard to any correspondence electronic or otherwise, and please make note of my concerns with this persons actions.

The police chief of Lorain is an intimidating creature who has failed to answer Aaron Knapp's questions about himself nor the accusations made anonymously that he falsified his payroll records essentially stealing money from this City of Lorain, Ohio.

Wasn't this why he sought prosecution of the female officer under his command as she was engaging other officers while on duty for sex?

Police officers while on duty are not legally, ethically, nor morally permitted to have sexual escapades and relations while on duty and put on their time cards that they get paid for it. Such conduct would be stealing from the taxpayers and citizens (from your employer, the political subdivision you work for, and in the law, besides being a thief of taxpayers money, you would be a "faithless servant" who could then lose all monetary compensation otherwise taken during this faithless period.

Isn't getting paid for time police officers were copulating with each other the same as stealing taxpayers money by defrauding the city?

If someone has falsified payroll records, then haven't they been copulating the treasury of the city? Isn't that a crime?

Why will no one investigate this? Can someone investigate this? Will anyone even ask that this be investigated?

The advice provided about the No cost stay at the Nord Center might prove useful for those having improperly depleted the city's treasury by submitting false payroll information to receive unearned compensation.

What do you think? Can we have some discussion on all these matters by city council?

Are there any anti-corruption public servants on Lorain City Council?

Speak up and let us know?

The police chief is threatening the disbarment of Attorneys! Take heed law department he may have his sites on you!

What does he have over you that you allow him to apparently control you?

His "Make it happen" orders cannot include fabrication of false evidence nor false payroll records.

Criticisms of a citizen who is displeased and desires to redress his government and motivate others to politically become active and involved in Lorain politics for the betterment of Lorain.

The citizen is Aaron Knapp who has chosen Lorain, Ohio as his home. He is a citizen journalist who works with Garon Petty in reporting upon issues of Local Government.

Mr. Knapp is has grievances against local government and its state actors who have acted under color of state law and who have maliciously damaged and harmed him.

I have been following this account of how the Lorain Police Chief has without justification persecuted Mr. Knapp and intentionally caused Mr. Knapp to lose his contract with the Courts.

This was dastardly accomplished and may properly be recognized as an intentional interference with contractual relations.

This is a tortuous misconduct and as city leaders, you need to appreciate what your police chief is doing to citizens.

Also this just didn't end a malicious destruction of his contractual relations. No it continued further as your representative acting in such capacity as he is employed did intentionally seek to disbar, revoke, cause the cancellation of Mr. Knapp's social worker's credentials and licensing at a State Agency / the Agency of the State of Ohio that licenses social workers.

He while exercising his bluster and official authority did file false, malicious charges (false factual accusations) against Lorain citizen Mr. Knapp.

These falsehoods were similar to what he used to get his employment/contract terminated.

The LEADS system was apparently inappropriately accessed and used in an illegal and improper way in this malicious pursuit of your city employee's vendetta to screw and f--k over Mr. Knapp.

The conduct of your employee is "Outrageous" and in my opinion qualifies as the tort of Outrage in Ohio law as defined by the Ohio Supreme Court.

With this ongoing saga of violence to the civil rights of Mr. Knapp it is understandable why he appears to be a raving lunatic at times during his live-streaming Facebook posts.

However, I have no doubt as to his sincerity and his ability to help expose impropriety and dare I say corruption and illegality in government.

You as city council exist to prevent such machinations and fraudulent claims against citizens by the people you employ. INJUSTICE needs to be exposed to sunlight as a (disinfectant to the body). Yes politics can be brutal, yet honesty and integrity must be demanded even when dealing with the sludge of corruption.

The attempted destruction of a man's reputation and finances being conducted by you and your agents and employees should be resoundingly CONDEMNED.

How can you sit by and do nothing?

How can you allow his Constitutional Rights be savaged, mauled, raped and allow him to be bastardized in these ways?

Did any of you (now having been advised and with knowledge of these atrocious behavior of your police chief) participate in such manifest violations of law or condone the violation and continued violation of his civil rights?

Several of your colleagues on Council have colluded to seek unfounded, fraudulent, and malicious criminal charges against Mr. Garon Petty.

You know who you are. One even accused another female council member of cooperating with Mr. Petty as a (co-conspirator).

I want further explanation on this accusation and when under oath she will be forced to explain her involvement in the conspiracy that she has and is participating in against Mr. Petty. (A critical of hers and one whom she fraudulently claims she fears.).

In a cesspool of deceit, fraud, and mismanaged resources. It has become evident that Citizens of Lorain, Ohio are being denied civil rights by its police department.

Requests from citizens for investigation of crime, computer hacking, crypto theft and securities fraud, bank fraud, complaints on internet fraud, and others have been ignored and shunned by Lorain's government/police/agents.

Many can come forward to testify to you that their requests for investigation of the crimes committed against them have been refused to be investigated by LPD and the city prosecutor/ Law Director's prosecutors.

Should not there be consequences to the leadership that has accomplished this malice against citizens?

While the abomination of the prosecution of Mr. Petty looms in direct violation of his First Amendment rights to redress his government view these matters as a challenge to your ethics from me a simple citizen aggrieved by the behaviors of tyrants within the City of Lorain, Ohio.

What should we do with such tyrants? I ask the tyrants on Council to resign or at least correct the manifest injustice you are permitting to occur. I suggest that the head of this tyrant snake be cut off.

The carcass can be fed to the swine of Satan that seem to permeate certain public officials.

Thank you for your attention to these matters of criticism to you perhaps you now have direct knowledge about why Mr. Aaron Knapp is grieving over his treatment by public officials engaged in bad behavior (illegal behavior).

I am challenging you to speak up and condemn this behavior and abuse of Mr. Knapp and consider whether tyranny in the police department as experienced by him is befitting the Great City of Lorain, Ohio?

May you enjoy Blessings and the Peace of Christ this Sunday even if you are an atheist.

It is my understanding, per the ordinance that Chief McCann is a salaried employee and would therefore not be obliged to track hours as would an hourly employee. Before spurious accusations are tossed about capriciously, maybe it would be behoove people to know what the process is and to do a little research first. Just my thoughts since council was asked this question.

The police chief of Lorain is an intimidating creature who has failed to answer Aaron Knapp's questions about himself nor the accusations made anonymously that he falsified his payroll records essentially stealing money from this City of Lorain, Ohio.

Wasn't this why he sought prosecution of the female officer under his command as she was engaging other officers while on duty for sex?

Police officers while on duty are not legally, ethically, nor morally permitted to have sexual escapades and relations while on duty and put on their time cards that they get paid for it. Such conduct would be stealing from the taxpayers and citizens (from your employer, the political subdivision you work for, and in the law, besides being a thief of taxpayers money, you would be a "faithless servant" who could then lose all monetary compensation otherwise taken during this faithless period.

Isn't getting paid for time police officers were copulating with each other the same as stealing taxpayers money by defrauding the city?

If someone has falsified payroll records, then haven't they been copulating the treasury of the city? Isn't that a crime?

Why will no one investigate this? Can someone investigate this? Will anyone even ask that this be investigated?

The advice provided about the No cost stay at the Nord Center might prove useful for those having improperly depleted the city's treasury by submitting false payroll information to receive unearned compensation.

What do you think? Can we have some discussion on all these matters by city council?

Are there any anti-corruption public servants on Lorain City Council?

Speak up and let us know?

The police chief is threatening the disbarment of Attorneys! Take heed law department he may have his sites on you!

What does he have over you that you allow him to apparently control you?

His "Make it happen" orders cannot include fabrication of false evidence nor false payroll records.

WHO is running Lorain, Ohio?

Political commentary to consider from and on behalf of insulted and appalled citizens:

The red headed devil is at it again! She has again like a banshee unleashed her poison, blight, and deceptive curse upon the citizens of Lorain, Ohio.

She must be voted out of office along with others who are intent of violating the rights of citizens in Lorain, Ohio.

Mayor Jack Bradley chose to appoint Brandon Wysocki, a qualified Lorain citizen, as his choice for a Mayoral Appointment in an effort to fill a vacancy existing to the Lorain City Zoning Board of Appeals.

Bradley had asked City Council at a meeting Jan. 21 to approve the appointment of Brandon Wysocki, BUT the matter was shot down after (the red headed devil who speaks with forked tongue) Councilwoman-at-large-Mary Springowski, ran her poisoned mouth and *again* slandered a citizen engaged in civic activism).

Then without a right (she cited publicly no legitimate cause) she refused to cast a vote.

This failure to vote should be viewed as and is a breach of the oaths she was required to declare before officially being able to take office and act as a council person.

Her abstention from the vote, was illegal, if she had a legitimate reason to abstain from the vote, then she (the red headed devil) was precluded by law from even engaging in any discussion or the debate both publicly during the Council meeting or privately (with other Council members in violation of transparency and sunshine concepts of Ohio government).

Her behaviors tell us much about her character and judgment besides allowing me the opportunity of showing her being a disgrace and unethical council member. (Remember her history attacking other council members, decorum charges, recent no white members (racisms appallingly suggested) and fraudulent accusations against a council member for conspiring to attack the council clerk.

These behaviors based upon previous stunts and falsehoods articulated: (remember the fake ballot strip ticket uncharged crime seeking to interfere with an election and/or steal an election.)?

What about her campaign finance reports that did not list and disclose expenses of her office?

False police reports and fake whimpering about how unsafe she feels without escort?

She broadcasts the personal social security numbers, dates of birth, all data on All employees, residence addresses of all police too, and is not even reprimanded, not charged for the crimes she committed by that broadcast! ?
How could this be?

The behaviors further show a pattern of corruption. They show and demonstrate a corrupt police investigation method that protects violators of law who are City Council members.

Do they not also demonstrate a compartmentalized unit within the police department to contain and restrict investigations? Indeed to be as bold as to fabricate a criminal complaint?

Who can legitimately lead a councilmanic investigation into these behaviors?

This corruption needs to be recognized and ended. The resignations by these officials and offenders is long past due.

The Second Amendment protects freedom, liberty, and Brandon Wysocki!

It is clear Springowski hasn't a clue what the Constitutions mean, or if she does, then she intentionally acts maliciously to subvert them.

The Bill of Rights are endangered by a red headed devil 🗡️ and other ignorants. Lorain Citizens need to vote out these creatures of demonic evil that champion death over life, reckless spending of reasonable budgets and planning, China Joe crooked Biden (belongs in prison) over Trump's MAGA and the American First Agenda.

Lorain City Council you need to take notice, WE THE PEOPLE are watching you and All public officials. You must behave Constitutionally and lawfully. Ethics are mandatory. Truth is not optional.

Those involved in the planning Mr. Wysocki's prosecution need to be investigated and this includes that violator of the law TD who was provided Special Treatment in his OVI case.

Why TD are you in a drug house during daylight hours? Have you explained your presence to the police chief in the video?

Have you shown your other city council members your location and behavior demonstrating lack of compliance with decorum and why you should not be held in high regard (see pictures and videos depicting him in a crackhouse and bar drinking while being an acknowledged drunk).

Why and to whom are you texting during city council meetings?

When are you going to turn over the public record of these texts?

TD: Great example for Lorain's Children and a lousy example of community leadership. Resign as you are embarrassing yourself, your family, and our City.

TD: What kind of a mind do you have to think you could run for office to become a county commissioner?

TD: Didn't anyone in the Democrat party take you aside and say, "Houston we have a problem the ship is damaged."

The Democratic party was too clever to see you are the local equivalent of Kamala Harris. Shame on those local hooded politicians (democrats founded the KKK)! Are you going to begin your political meetings in crack houses now with passed out scantily dressed Lady in Black lying around in a drug induced stupor?

Democrats the ship is singing a losing tune. Abandon that boat and come over to the Party of Lincoln. Free yourselves from that Godless, woke, corrupt, poisonous, treasonous cult and party of war and fear mongering.

The Republican Party invites you to begin anew, repent and change. Support the Republic, its Constitution and The Bill of Rights! Are you a Patriot?

Will you condemn those amongst you who represent an evil to America, Lorain County, and especially the People of Lorain, Ohio (The International City)?

Mr. Wysocki, thank you for protecting our school children while on a field trip.

As a volunteer Your service to the Community was exemplary and your judgment was properly exercised. Hiking anywhere now is dangerous, especially as we have been invaded by so many dangerous and violent gangs, rapists, robbers, thieves all are criminals illegal aliens.

Mr. Brandon Wysocki, deserves a commendation from City Council not a condemnation!

Gargas, Robert J.

Call to action:

If you agree pass it on. Help clean up Lorain's corruption. Vote out the scum. You know them by their deeds. Pull them out root and branch. Let them burn as they bear no fruit.

Please consider these comments my opinion on the red headed devil and TD as comment on their behavior that should disqualify them from public office, foster investigations into their conduct, and into how they are protected by apparent power brokers, influencers, and controllers of organization(s) that should be treated as corrupt and in breach of the public trust.

Pray for our enemies that they may receive that Damascus moment and be reformed..

Ms. Springowski

Please prepare yourself for questions from Council / you have a lot to explain.

A copy of this notice is being sent to the public corruption unit of the Lorain County Sheriff's Office.

It seems you have created fabrication of facts and enlisted other politicians in an attempt to chill the First Amendment Rights of Mr. Petty to redress his government.

Your attempt to frame Mr. Petty is being exposed as deceitful.

Your camera and phone video is being requested for trial evidence, please confirm you have the same and have provided it to the police and prosecutors.

I note that to date nothing of the such has been provided to Mr. Petty or my office by anyone, therefore, I suspect this evidence has been improperly withheld or destroyed by you (spoliation) or that you have secreted it.

Please provide the same if it still exists as it is expected to contain exculpatory evidence that will tend to vindicate and exculpate Mr. Petty from the story you have concocted in conspiracy with others.

Be advised that your conduct is being requested to be investigated and to be dealt with as appropriate.

You are not off the hook for your deception and false statements about Mr. Petty. Demand is made that your insurance carrier be contacted to handle the civil liability claims coming for your behaviors.

Members of Lorain City council and all elected.

Who is C@L Springowski accusing in her email to all of you dated July 1, 2024 provided below?

Are members of council being targeted by Springowski?

Under Your rules of decorum for Lorain City Council, will any of you demand Springowski name the alleged person she falsely claims aided and abetted me to attack City Council Clerk.

Who amongst you have any recordings of Breanna Dull on July 1, 2024?

Mary Springowski claims she was recording July 1, 2024, where is that recording she claims in her Police interview and why hasn't it been turned to the police and prosecutors?

Why was Aaron Knapp provided with a packet of information and recordings about my case by personnel delivery from LT Morris by order of Chief McCann?

Also what was provide to Judge Elwell, as no record exists in the Clerk of Courts office?

Thank you,
