Political commentary to consider from and on behalf of insulted and appalled citizens:

The red headed devil is at it again! She has again like a banshee unleashed her poison, blight, and deceptive curse upon the citizens of Lorain, Ohio.

She must be voted out of office along with others who are intent of violating the rights of citizens in Lorain, Ohio.

Mayor Jack Bradley chose to appoint Brandon Wysocki, a qualified Lorain citizen, as his choice for a Mayoral Appointment in an effort to fill a vacancy existing to the Lorain City Zoning Board of Appeals.

Bradley had asked City Council at a meeting Jan. 21 to approve the appointment of Brandon Wysocki, BUT the matter was shot down after (the red headed devil who speaks with forked tongue) Councilwoman-at-large-Mary Springowski, ran her poisoned mouth and *again* slandered a citizen engaged in civic activism.

Then without a right (she cited publicly no legitimate cause) she refused to cast a vote.

This failure to vote should be viewed as and is a breach of the oaths she was required to declare before officially being able to take office and act as a council person.

Her abstention from the vote, was illegal, if she had a legitimate reason to abstain from the vote, then she (the red headed devil) was precluded by law from even engaging in any discussion or the debate both publicly during the Council meeting or privately (with other Council members in violation of transparency and sunshine concepts of Ohio government).

Her behaviors tell us much about her character and judgment besides allowing me the opportunity of showing her being a disgrace and unethical council member. (Remember her history attacking other council members, decorum charges, recent no white members (racisms appallingly suggested) and fraudulent accusations against a council member for conspiring to attack the council clerk.

These behaviors based upon previous stunts and falsehoods articulated: (remember the fake ballot strip ticket uncharged crime seeking to interfere with an election and/or steal an election.)?

What about her campaign finance reports that did not list and disclose expenses of her office?

False police reports and fake whimpering about how unsafe she feels without escort?

She broadcasts the personal social security numbers, dates of birth, all data on All employees, residence addresses of all police too, and is not even reprimanded, not charged for the crimes she committed by that broadcast! ?

How could this be?

The behaviors further show a pattern of corruption. They show and demonstrate a corrupt police investigation method that protects violators of law who are City Council members.

Do they not also demonstrate a compartmentalized unit within the police department to contain and restrict investigations? Indeed to be as bold as to fabricate a criminal complaint?

Who can legitimately lead a councilmanic investigation into these behaviors?

This corruption needs to be recognized and ended. The resignations by these officials and offenders is long past due.

The Second Amendment protects freedom, liberty, and Brandon Wysocki!

It is clear Springowski hasn't a clue what the Constitutions mean, or if she does, then she intentionally acts maliciously to subvert them.

The Bill of Rights are endangered by a red headed devil 🍊 and other ignorants. Lurain Citizens need to vote out these creatures of demonic evil that champion death over life, reckless spending of reasonable budgets and planning, China Joe crooked Biden (belongs in prison) over Trump's MAGA and the American First Agenda.

Lorain City Council you need to take notice, WE THE PEOPLE are watching you and All public officials. You must behave Constitutionally and lawfully. Ethics are mandatory. Truth is not optional.

Those involved in the planning Mr. Wysocki's prosecution need to be investigated and this includes that violator of the law TD who was provided Special Treatment in his OVI case.

Why TD are you in a drug house during daylight hours? Have you explained your presence to the police chief in the video?

Have you shown your other city council members your location and behavior demonstrating lack of compliance with decorum and why you should not be held in high regard (see pictures and videos depicting him in a crackhouse and bar drinking while being an acknowledged drunk)

Why and to whom are you texting during city council meetings?

When are you going to turn over the public record of these texts?

TD: Great example for Lorain's Children and a lousy example of community leadership. Resign as you are embarrassing yourself, your family, and our City.

TD: What kind of a mind do you have to think you could run for office to become a county commissioner?

TD: Didn't anyone in the Democrat party take you aside and say "Houston we have a problem the ship is damaged."

The Democratic party was too clever to see you are the local equivalent of Kamala Harris. Shame on those local hooded politicians (democrats founded the KKK)! Are you going to begin your political meetings in crack houses now with passed out scantily dressed Lady in Black lying around in a drug induced stupor?

Democrats the ship is singing a losing tune. Abandon that boat and come over to the Party of Lincoln. Free yourselves from that Godless, woke, corrupt, poisonous, treasonous cult and party of war and fear mongering.

The Republican Party invites you to begin anew, repent and change. Support the Republic, its Constitution and The Bill of Rights! Are you a Patriot?

Will you condemn those amongst you who represent an evil to America, Lorain County, and especially the People of Lorain, Ohio (The International City)?

Mr. Wysocki, thank you for protecting our school children while on a field trip.
As a volunteer Your service to the Community was exemplary and your judgment was properly exercised. Hiking anywhere now is dangerous, especially as we have been invaded by so many dangerous and violent gangs, rapists, robbers, thieves all are criminals illegal aliens.

Mr. Brandon Wysocki, deserves a commendation from City Council not a condemnation!

Gargas, Robert J,

Call to action:

If you agree pass it on. Help clean up Lorain's corruption. Vote out the scum. You know them by their deeds. Pull them out root and branch. Let them burn as they bear no fruit.

Please consider these comments my opinion on the red headed devil and TD as comment on their behavior that should disqualify them from public office, foster investigations into their conduct, and into how they are protected by apparent power brokers, influencers, and controllers of organization(s) that should be treated as corrupt and in breach of the public trust.

Pray for our enemies that they may receive that Damascus moment and be reformed.

I am writing to formally share a significant body of information and correspondence that I believe constitutes key evidence of serious misconduct—potentially criminal— involving James McCann. The attached communications and records relate to actions that, in my view, demonstrate abuse of authority, retaliation, and potential violations of Ohio's Sunshine Laws and other statutes.

This includes:

- Evidence of public records violations and refusal to comply with lawful requests
- Retaliatory behavior tied to my professional employment
- Allegations involving improper influence on a nonprofit agency funded by state and federal resources
- A documented pattern of obstruction and cover-up efforts by the City of Lorain

These documents and communications form part of a larger whistleblower narrative that I believe deserves formal review and public transparency. I am currently working with legal counsel and a journalist who has agreed to take the story once their current queue is cleared.

I am prepared to provide additional context and supporting documentation upon request, and I am hopeful that this information will be taken seriously and reviewed through the appropriate channels.

Thank you for your time and attention to this matter.

Statement: Why a Fair Settlement at \$450,000 Serves Everyone's Best Interests

At this stage, the emails and public records reveal **significant gaps, inconsistencies, and withheld communications** concerning the decision to file charges—causing real reputational, emotional, and financial harm.

It's also worth noting that **Chief James McCann of Lorain was placed on paid administrative leave on April 25, 2025, amid a formal misconduct investigation** by the Lorain County Sheriff's Office that uncovered unprofessional behavior, including making veiled threats, comments about wishing for a "dirty cop," and other retaliatory actions [Lorain Police Department+12WKYC+12Newsradio WTAM 1100+12](#). Then, **on June 23, 2025, McCann abruptly announced his irrevocable retirement effective September**

15, 2025, following confirmation of those inappropriate statements uroninsider.com. This strongly suggests the City is acutely aware of leadership misconduct and its growing liability.

Moreover, the City—and its insurer—have a **well-documented history of early settlements** in similar high-risk cases. That strategy has avoided prolonged legal battles, saved taxpayer money on attorney fees and discovery costs, and prevented extended negative media coverage. Deviating from this prudent policy now, especially after damaging revelations, would be shortsighted.

A drawn-out trial would:

- Drain taxpayer funds,
- Draw more negative public attention as deeper evidence comes to light,
- Extend the emotional burden for all involved,
- Risk further legal exposure through expanded discovery.

A \$450,000 settlement:

1. **Shields taxpayers** from far greater costs—including potential punitive damages and appeals.
2. **Compensates me fairly** and redirects resources that might otherwise be spent litigating.
3. **Affords the City closure**, allowing leadership to turn the page visibly and responsibly, rather than fighting in public with continued leadership scandal in the headlines.

This is not about punishment—it's about reaching a **practical, fiscally responsible resolution** that acknowledges mistakes and restores public trust. I remain open to finalizing this settlement with confidentiality and mutual non-disparagement, provided the City and its insurer act swiftly and in good faith.

In summary: A fair settlement at \$450,000 is the optimal approach—for the City, its employees, its insurance carrier, and the community—to draw a respectful line under this chapter, prevent further fallout, and uphold accountability without needless expense.

Sincerely,
Aaron Christopher Knapp, BSSW, LSW, CDCA

I personally will be seeking legal counsel as I'm unsure why the city saw fit to serve me a subpoena by US Postal service for a case I'm not a party to nor was I a witness to.

Very disappointed in this behavior by my civil servants. Do better.

I'm also still seeking answers as to why I was hand delivered evidence in this case by Law Enforcement and yet that evidence never made it to opposing counsel?

This is highly unethical in my opinion. I'm not an attorney but I can read rules on how you serve a person you wish to depose.

I'm absolutely appalled at this behavior. Please comply with State Law when you are seeking to maliciously prosecute someone.

Also refer to State law when you try and serve a party acting as a journalist when seeking their testimony and/or news footage.

Also follow the Ohio Salute on Civil and Criminal Procedures when you serve a potential witness, otherwise your subpoena is invalid.

I have no desire to be a party to you persecuting a citizen for constitutionally protected activities of redressing his government.

That would make me complicit in your actions and place me in a very actionable position.

And lastly please ensure that a person you subpoena actually is in possession of and/or able to comply with said subpoena.

With all due respect, I cannot comply, I cannot confirm or deny any existence of a "video", and I'm not legally obligated to comply with inappropriately served subpoenas. Please try again in the legal and proper format.

Has the judge ruled on your disqualifications?

Isn't it presumptuous on your part to act as if your behaviors in serving as witness and advocate are consistent with Ohio ethical rules for attorneys?

If we are going to schedule depositions in the criminal case, then I want to depose all persons named in the Petty motion to dismiss and his reply and including all witness referenced in any investigation including investigations reported that did not contain exculpatory evidence.

However, I do not want to hold depositions with incompetent disqualified legal counsel acting unethically, who are witnesses to the incident and unconstitutional behaviors of the State and City or whose staff is complicit in the illegal and unconstitutional prosecution of Mr. Petty.

Your grasping at straws is particularly disturbing especially as you were directly told by me that no video exists that isn't in your possession.

Have you provided the audio and video of the 7/1/24 meeting's ending which you assert supports the charges? (It is a public record and you have noticeably refused to provide it to Judge Kimbler).

Explain yourself.

Subject: Re: Subpoena

To serve someone a civil subpoena in Ohio, you can personally deliver a copy of the subpoena to them, leave it at their usual place of residence with an adult, or mail it via certified or express mail, return receipt requested; the person serving the subpoena must be at least 18 years old and not a party to the case; proof of service must be filed with the court.

This is absolutely unacceptable. What kind of dog and pony show are you running?

Serve me properly and I'll consider myself served. You people at Lorain Law and the clerk's office really just do what you want, huh?

I'll be seeking an attorney as you people can't seem to follow the laws of Ohio when it comes to subpoenas. Also did you think to inform opposing counsel as required by law?

This feel like harassment. Why didn't Lorain Police interview me? Why didn't you call or ask me to speak to you before issuing an illegal subpoena? I'm going to records request the probable cause affidavits you gave for this warrant as well.

I'll be seeking an attorney as I am not a party to this matter and you have now involved me.

You sent me all the evidence up front (you still have not provided that evidence to the opposing counsel). I gave the thumb drive that was given to me by LPD Lt Morris to opposing counsel (I never understood why I received CLEIRS during an investigation).

You have involved me, a media agency/agent in your attempt to persecute a citizen for "trespassing " in a city"public" building and I will not participate in this farce.

I'm claiming Media protection under the 5th and 1st Amendment on all videos I may or may not have. I'm also requesting you serve me LEGALLY and not with a 69 c postage stamp..that's just insulting and disrespectful.

So serve me properly so I can get an attorney and refuse you properly.

Ps: any further communication in this matter should be directed to me certified US mail as required by law. Stop trying to break the rules, you're supposed to know the law, act like it for a change.

So let me understand this. I'm being subpoenaed for something I was not present for? And I'm being subpoenaed to provide a "video" that you claim I have. Merely asking for all video I have on it about 7/1/24 is very vague. Why do you believe I have this video?

What format do I have it on?

What would it show?

My answer is "I plead the 5th" and claim journalistic protection.

Don't you have videos in city hall and the lobby showing all of that?

What proof do you have that I have this video in my possession?

Also I'll be getting an attorney and from here on out pleading the 5th moving forward.

Dear Members of Council,

I am writing to formally express my concern regarding the handling of my recent correspondence submitted to council. Specifically, I have become aware that Mary Springowski has forwarded my letter to a private citizen in Amherst, despite the fact that she has not responded to any of my direct emails.

I would like to understand:

- On what grounds was my correspondence shared with an individual outside of council or municipal administration?
- Why have my emails gone unanswered, despite the importance of the matters raised?
- What policies govern the confidentiality and handling of communications sent to council?

As a resident and engaged member of this community, I expect transparency, accountability, and respectful handling of my correspondence. I ask for a clear explanation of this situation and for my concerns to be formally acknowledged and addressed.

Thank you for your attention to this matter. I look forward to your response.

Make it a wonderful day!

Hello Clerk Dull and Lorain Police records,

I am asking by 149.43 ORC, what did Mary Springowski get out of her purse put in her mouth and give to Tony DiMacchia during the September 2, 2025 city council meeting.

The city council meeting on demand video records them taking items into their mouths from Springowski's purse at the 56:07 minute mark of the city video. Also at the 1:43:48 mark Council members Moon and Arroyo are whispering outside the hearing of the public (121.22 ORC violation). I want their conversation sent to me and added to the minutes.

Plus the audio recording Mrs Springowski says she has from a disturbance on Kansas ave. She mentions sending an email to Chief Failing, beginning at the 1:43:14 mark until the 1:44:00 mark made public. I want all email exchanges with Springowski and Failing from August 30, 2025 until the present. Plus the call log of Springowski's city phone for the time

period of January 1, 2025 until the present. Also all CAD numbers and police reports of any police involvement with any incidents on Kansas Ave on August 30, 2025 as stated by Mrs Springowski.

You ASAP response will be appreciated.

Thank you,
Garon Petty

Ms. Springowski

Please prepare yourself for questions from Council / you have a lot to explain.

A copy of this notice is being sent to the public corruption unit of the Lorain County Sheriff's Office.

It seems you have created fabrication of facts and enlisted other politicians in an attempt to chill the First Amendment Rights of Mr. Petty to redress his government.

Your attempt to frame Mr. Petty is being exposed as deceitful.

Your camera and phone video is being requested for trial evidence, please confirm you have the same and have provided it to the police and prosecutors.

I note that to date nothing of the such has been provided to Mr. Petty or my office by anyone, therefore, I suspect this evidence has been improperly withheld or destroyed by you (spoliation) or that you have secreted it.

Please provide the same if it still exists as it is expected to contain exculpatory evidence that will tend to vindicate and exculpate Mr. Petty from the story you have concocted in conspiracy with others.

Be advised that your conduct is being requested to be investigated and to be dealt with as appropriate.

You are not off the hook for your deception and false statements about Mr. Petty. Demand is made that your insurance carrier be contacted to handle the civil liability claims coming for your behaviors.

At this time, it is my position, opinion and belief that I am being threatened by the attorney and legal counsel in the upcoming case regarding the intimidation of the Lorain City Clerk of Council. In his emails he has further threatened me by telling me I'm not off the hook and I have been falsely accused of absolutely outrageous things! I have repeatedly reached out to the law department and police regarding my concerns for my safety and I believe this further illustrates the issue. My witness statement has been posted and mentioned many times. This further illustrates the attempts to silence me as a witness in the case. I am asking for protection from the city and measures to be taken to have a cessation of this behavior and these attacks.

Political commentary to consider from and on behalf of insulted and appalled citizens:

The red headed devil is at it again! She has again like a banshee unleashed her poison, blight, and deceptive curse upon the citizens of Lorain, Ohio.

She must be voted out of office along with others who are intent of violating the rights of citizens in Lorain, Ohio.

Mayor Jack Bradley chose to appoint Brandon Wysocki, a qualified Lorain citizen, as his choice for a Mayoral Appointment in an effort to fill a vacancy existing to the Lorain City Zoning Board of Appeals.

Bradley had asked City Council at a meeting Jan. 21 to approve the appointment of Brandon Wysocki, BUT the matter was shot down after (the red headed devil who speaks with forked tongue) Councilwoman-at-large-Mary Springowski, ran her poisoned mouth and again slandered a citizen engaged in civic activism.

Then without a right (she cited publicly no legitimate cause) she refused to cast a vote.

This failure to vote should be viewed as and is a breach of the oaths she was required to declare before officially being able to take office and act as a council person.

Her abstention from the vote, was illegal, if she had a legitimate reason to abstain from the vote, then she (the red headed devil) was precluded by law from even engaging in any discussion or the debate both publicly during the Council meeting or privately (with other Council members in violation of transparency and sunshine concepts of Ohio government).

Her behaviors tell us much about her character and judgment besides allowing me the opportunity of showing her being a disgrace and unethical council member. (Remember her history attacking other council members, decorum charges, recent no white members (racisms appallingly suggested) and fraudulent accusations against a council member for conspiring to attack the council clerk.

These behaviors based upon previous stunts and falsehoods articulated: (remember the fake ballot strip ticket uncharged crime seeking to interfere with an election and/or steal an election.)?

What about her campaign finance reports that did not list and disclose expenses of her office?

False police reports and fake whimpering about how unsafe she feels without escort?

She broadcasts the personal social security numbers, dates of birth, all data on All employees, residence addresses of all police too, and is not even reprimanded, not charged for the crimes she committed by that broadcast! ?

How could this be?

The behaviors further show a pattern of corruption. They show and demonstrate a corrupt police investigation method that protects violators of law who are City Council members.

Do they not also demonstrate a compartmentalized unit within the police department to contain and restrict investigations? Indeed to be as bold as to fabricate a criminal complaint?

Who can legitimately lead a councilmanic investigation into these behaviors?

This corruption needs to be recognized and ended. The resignations by these officials and offenders is long past due.

The Second Amendment protects freedom, liberty, and Brandon Wysocki!

It is clear Springowski hasn't a clue what the Constitutions mean, or if she does, then she intentionally acts maliciously to subvert them.

The Bill of Rights are endangered by a red headed devil 🗡️ and other ignorants. Lorain Citizens need to vote out these creatures of demonic evil that champion death over life, reckless spending of reasonable budgets and planning, China Joe crooked Biden (belongs in prison) over Trump's MAGA and the American First Agenda.

Lorain City Council you need to take notice, WE THE PEOPLE are watching you and All public officials. You must behave Constitutionally and lawfully. Ethics are mandatory. Truth is not optional.

Those involved in the planning Mr. Wysocki's prosecution need to be investigated and this includes that violator of the law TD who was provided Special Treatment in his OVI case.

Why TD are you in a drug house during daylight hours? Have you explained your presence to the police chief in the video?

Have you shown your other city council members your location and behavior demonstrating lack of compliance with decorum and why you should not be held in high regard (see pictures and videos depicting him in a crackhouse and bar drinking while being an acknowledged drunk),

Why and to whom are you texting during city council meetings?

When are you going to turn over the public record of these texts?

TD: Great example for Lorain's Children and a lousy example of community leadership. Resign as you are embarrassing yourself, your family, and our City.

TD: What kind of a mind do you have to think you could run for office to become a county commissioner?

TD: Didn't anyone in the Democrat party take you aside and say "Houston we have a problem the ship is damaged."

The Democratic party was too clever to see you are the local equivalent of Kamala Harris. Shame on those local hooded politicians (democrats founded the KKK)! Are you going to begin your political meetings in crack houses now with passed out scantily dressed Lady in Black lying around in a drug induced stupor?

Democrats the ship is singing a losing tune. Abandon that boat and come over to the Party of Lincoln. Free yourselves from that Godless, woke, corrupt, poisonous, treasonous cult and party of war and fear mongering.

The Republican Party invites you to begin anew, repent and change. Support the Republic, its Constitution and The Bill of Rights! Are you a Patriot?

Will you condemn those amongst you who represent an evil to America, Lorain County, and especially the People of Lorain, Ohio (The International City)?

Mr. Wysocki, thank you for protecting our school children while on a field trip.

As a volunteer Your service to the Community was exemplary and your judgment was properly exercised. Hiking anywhere now is dangerous, especially as we have been invaded by so many dangerous and violent gangs, rapists, robbers, thieves all are criminals illegal aliens.

Mr. Brandon Wysocki, deserves a commendation from City Council not a condemnation!

Gargas, Robert J.

Call to action:

If you agree pass it on. Help clean up Lorain's corruption. Vote out the scum. You know them by their deeds. Pull them out root and branch. Let them burn as they bear no fruit.

Please consider these comments my opinion on the red headed devil and TD as comment on their behavior that should disqualify them from public office, foster investigations into their conduct, and into how they are protected by apparent power brokers, influencers, and controllers of organization(s) that should be treated as corrupt and in breach of the public trust.

Pray for our enemies that they may receive that Damascus moment and be reformed.

I would suggest, if you haven't already to check today's video from Aaron Knapp aka George Patton on his facebook page Lorain City Politics Uncensored where he is stating basically he played legal and the City Law Dept by saying he had a video of the altercation between Petty and Ms Dull He spins so much ... " He said that he held up his doggy camera in the old video, to see who was watching. He stated that he told the city lawyers (in the video) not to worry, he has all the video beyond the time that Breanna turned council's camera off. He knew they'd come after it and they'd look like fools, for getting info from FB! George Patton was live in Lorain City Politics Uncensored. | By George | Facebook

Hello Clerk Dull and Lorain Police records,

I am asking by 149.43 ORC, what did Mary Springowski get out of her purse put in her mouth and give to Tony DiMacchia

during the September 2, 2025 city council meeting.

The city council meeting on demand video records them taking items into their mouths from Springowski's purse at the 56:07

minute mark of the city video. Also at the 1:43:48 mark Council members Moon and Arroyo are whispering outside the

hearing of the public (121.22 ORC violation). I want their conversation sent to me and added to the minutes.

Plus the audio recording Mrs Springowski says she has from a disturbance on Kansas ave. She mentions sending an email to Chief Failing, beginning at the 1:43:14 mark

until the 1:44:00 mark made public. I want all email exchanges

with Springowski and Failing from August 30, 2025 until the present. Plus the call log of Springowski's city phone for the time

period of January 1, 2025 until the present. Also all CAD numbers and police reports of any police involvement with any incidents on Kansas Ave

on August 30, 2025 as stated by Mrs Springowski.

You ASAP response will be appreciated.

Thank you,
Garon Petty
