Hi Karen. I'm reviewing what you have provided to us, and I think I still need a couple of ordinances. Looks like I need the following (including any attachments in full):

41.21  
48.18  
168.19

I'm off Tuesday to work the election, but if you're able to send those over to me by the end of Wednesday, that would be a big help. Also, after I get these and review them, I'd like to give you a call with some information and follow-up questions. Do you have any availability Thurs/Fri of this week that would work? Thanks so much!
